Our journey of discovery and success...

## Adventures in The Forest

Grade 4-2 took advantage of the lovely weather and enjoyed a forest walk.

Grade 2-2 on a forest walk. The falling leaves are beautiful.

KG 3 learning the Arabic letter "ت" in an engaging activity.

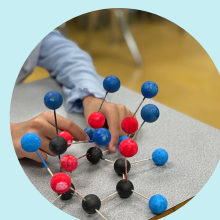

Grade 6-1 constructed a 3-dimensional model of a sugar molecule. They used play-dough and toothpicks to build it. Congratulations!

Yellow team 🏆

### Science with Mrs. Mateescue

Grade 7 exploration and learning journey

### Grade 7-2

STEM Activities - Glucose molecule foam balls model

### STEM activities

Grade 5-3 worked in their house colors to design and build a shoe using only tape, newspaper, and cardboard!

## Fun days at school!

Grade 4-2 are always there to support their house team!

**GRADE 7-2 WEARING THEIR HOUSE COLORS  
AND PLAYING PAPER CHESS. ♟️**

"for our fun day, Grade 2-1 had an enjoyable morning of team competition. The blue team built the tallest tower. They showed patience and teamwork!"

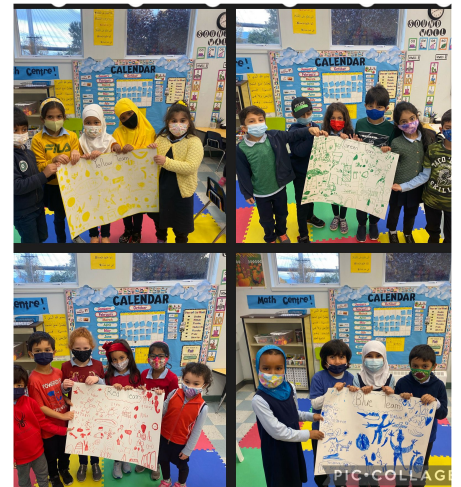

Grade 2-2 all dressed up in house colors 🍷🍷🍷🍷

**"The students designed puzzle pieces based on the fall theme then we went to the forest for a nature walk admiring the beauty of fall"**

**Nur Diyanah - Grade 4-3 teacher**

Grade 1-3 had a fun time decorating their house color posters

## Grade 7 champions winning the mini soccer league. Congratulations!

5-2 learned about the different features of a mosque and its purpose.

Grade 1-1 students used Arabic vocabulary to describe what they wore on the Pyjama Day.

It's the last Friday of the month and grade 5-1 are enjoying their shopping day! They are using the scholar dollars they earned after submitting their Arabic and Islamic Studies homework.

In grade 7-1 students enjoyed making their own projects in class addressing the important Hadeeth of our Prophet Mohammed (PBUH)

## HIGHLIGHTING STUDENTS' MUSLIM IDENTITY

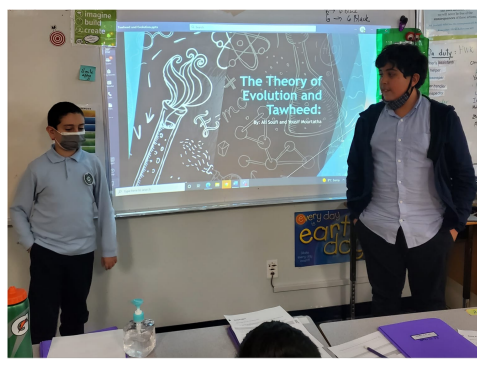

...

Grade 5-3 wonderful presentations about the prophets' stories.

Grade 5-1 worked very hard on their presentations about "The Pillars of Faith" during Islamic Studies block.

Grade 7-2 excellent and thought provoking presentations on the types of shirk.

## AND MORE ...

Grade 1-1 has been learning about hibernation. Students came to school in their pyjamas and brought along their favourite stuffed animals.

Grade 2-1 learned a lot about owls and hawks from our in-class workshop given by OWL. The students got to see a live owl and hawk. They were very excited! In science, we are learning about different animal life cycles.
